D = Day Meet

N = Night Meet

The number next to the letter indicates the heat/flight you are in, except in the 4x400. Only the "A" team is in the night meet. All other teams are in the day meet. If there isn't a number next to the letter in the laned running events that means that the heats are not determined until after final call of the event. If there isn't a number next to the letter in the distance or field events that means there is only one heat or flight.
